## REPORTS OF BOARDS AND COMMITTEES.

### EDUCATION.

Noting with pleasure the success of Vanderbilt University and Central Collegiate Institute, and commending the liberality of the citizens of Searcy, and expressing confidence in the future success of Galloway Female College, and approving the work of Paine Institute, we submit the following:

We find that the Board of Commissioners appointed by the three Conferences recommend the correlation of all our schools; but we cannot accomplish this when they are independently enterprised. In order to do this, all the school interests of the Conference should be under the supervision of the Board of Education. We think that in the matter of district schools none should be established without the advice and consent of the Board of Education. The Board of Trust, curriculum, and territory to be occupied by the school should be elected by the Board of Education, so as to avoid local disadvantages, have its grade uniform, and territory sufficient to support it retained.

1. *Resolved*, That we rejoice in the continued prosperity of Vanderbilt University, and pledge our efforts to increase attendance.

2. That we indorse the election of J. W. Brown to represent this Conference on its Board of Trust.

3. That we approve the action of the Board of Trust at its last annual meeting in reference to its perpetuity, provided the charter of the university be so amended that before a party nominated by the Board of Trust shall be authorized to act his nomination shall be confirmed by the Conference within whose limits he lives; provided also, that no amendment shall affect the *ex-officio* members of the board.

4. That we heartily indorse the Faculty of Central Collegiate Institute, and recommend them as competent and faithful instructors, and will urge our people to support this excellent institution.

5. That we commend the energy and rejoice in the success of Rev. V. V. Harlan, and recommend that he be continued as Agent.

6. That Rev. J. H. Riggin be elected the successor of Dr. A. Hunter on its Board of Trust.

7. That we appreciate the liberal donation of the citizens of Searcy for the establishment of a female college; and that we approve the action of the Educational Commission in accepting the offer locating the school, and in designating it "Galloway Female College."

8. That we confirm the election of the Board of Trust from our Conference as named in the Articles of Incorporation.

9. That we indorse the subsequent actions of the board; and that we recommend the appointment of F. A. Jeffett as Financial Agent, and that we welcome him to the field within our Conference bounds.

10. That the plan of perpetuating the Board of Trustees shall be the election of one clerical and one lay member annually for a term of three years. To get the plan into operation we elect C. C. Godden and H. A. Butler for one year; for two years, S. C. Stone and W. K. Ramsey; and for three years, Horace Jewell and A. E. Harris.

11. That this Conference express its approval of the action of the General Conference in providing training-schools for the Colored M. E. Church in America.

12. That all our school interests be placed under the general supervision of the Board of Education, provided their action shall be subject to the ratification of the following Annual Conference.

13. That we will raise the sum of \$400 to pay tuition of beneficiaries at Central Collegiate Institute. H. W. Brooks, *Chairman*.

J. R. CASON, *Secretary*.

#### BOOKS AND PERIODICALS.

1. *Resolved*, That the Little Rock Conference hereby assure Dr. J. D. Barbee, Agent of the Publishing House, that he has our sympathy and shall have our hearty co-operation in his effort to increase the efficiency and enlarge the usefulness of this great Connectional institution.

2. That we will endeavor to increase the circulation of the *Christian Advocate* within our bounds.

3. That we will look to the supplying of all our Sunday-schools with our own periodical literature, and will call attention of our Sunday-schools to those newly-arranged and improved libraries on sale at the Publishing House.

4. That we indorse the editorial management and adopt the *Arkansas Methodist* as our Conference Organ for the ensuing Conference year; that we will continue to act as agents, and will make

diligent, prayerful effort to circulate it among our people; that we elect A. Hunter, H. Jewell, and E. N. Watson as the committee to act as the Publishing Committee, in conjunction with similar committees from the other patronizing Conferences.

5. That we disapprove the publication of *district papers*, and that we respectfully and kindly ask their discontinuance.

E. N. WATSON, *Chairman.*

### DISTRICT CONFERENCE JOURNALS.

Your committee have examined the journals of the Little Rock, Pine Bluff, Washington, Camden, and Monticello Districts. We

learn through the presiding elder of the Arkadelphia District that the journal of that district was burned during this year at Hot Springs, and the proceedings of 1888 have not yet been entered in the record recently purchased.

*Little Rock District.*—Chirography perfect, proper headings, marginal indexing—in these particulars a model; orthography not perfect—to wit: balance, scholar, expense, license, and chapel are misspelled. Omissions of words in a few sentences obscure the sense. No mention is made of the benediction at the adjournment of the morning session of the third day. No record is made of any report by the Committee on Public Worship. The roll was called, but no record is made of the members present.

*Pine Bluff District.*—Chirography good and orthography perfect. Though kept in a record-book, with proper blank headings of pages, these headings are not filled; nor have any marginal indexes been made. We note with pleasure that a record is made of each religious service held during the session, and by whom conducted. Religious services being a prominent feature in these Conferences, no record is complete which fails to mention them when held.

*Washington District.*—Headings and marginal index entirely omitted. Chirography passable, but difficult to decipher. On second page “was took up” is used for “was taken up.” No mention of benediction at close of Thursday or Saturday’s session. But once is any announcement made of public worship.

*Camden District.*—Record neatly kept; chirography excellent; orthography perfect. According to the journal the Conference did not adjourn on the second day. Page headings and marginal indexes complete, except on six pages. On the whole it is a model record.

*Monticello District.*—Well kept. Chirography excellent, system first-class—a standard in this line. Announcements for public worship appear for each day of the session.

C. A. BAYLESS, *Chairman.*

#### TEMPERANCE.

“1. *Resolved*, That we respectfully but earnestly request of the Legislature such amendments to existing laws as will protect our people from the evils of the ‘jug trade,’ and the curse of the wine-shop.

“2. That we will urge our people to use all lawful and righteous means at their command to secure the benefit of the ‘three-mile law’ where license has been voted. H. R. WITHERS.”

Dr. W. H. Browning was selected to present to the Legislature the request embodied in the first resolution.

### MISSIONS.

The reports made to the board discover the fact that all the charges helped have advanced on almost every line, and some have made great progress. The policy of the board for the last two years of manning important missions where there are large possibilities of success with live, first-class men, and paying them liberally, has proved a wise one, as the Hot Springs Mission demonstrates.

If this mission continues to grow and develop as it has for the past two years, it will soon develop into two important self-sustaining charges. Such cities as Hot Springs, Little Rock, and Pine Bluff are centers of corruption and hot-beds of sin in which is generated moral malaria which poisons the regions round about.

While it is our policy to expend largely on these important fields, we must not forget the poor. They are the Lord's poor; he died for them. It has been our policy heretofore to appropriate small amounts to weak missions and circuits when there was little prospect of large and permanent results. This has carried the gospel to many who might not otherwise have had the word of life; and while it has not resulted in large, prosperous, self-sustaining charges, with comfortable parsonages and fine houses, bless God, it *has* resulted in the conversion of many precious souls, and has lifted many poor, humble Christians up into higher and sweeter experiences in the divine life; and I hope to see the day when the liberality of the Church will enable the board to enlarge its works in these fields until there shall be no territory in our Conference which shall not have the gospel.

J. A. BAKER, *Secretary.*

# DR. SUMMERS'S Systematic Theology:

A COMPLETE COMMENTARY ON THE TWENTY-FIVE ARTICLES OF RELIGION.

EDITED BY PROFESSOR JNO. J. TIGERT, D.D.

**Volume I. SECOND THOUSAND NOW READY.**

THIS VOLUME INCLUDES:

.. THEOLOGY PROPER. II. THE PERSON AND WORK OF CHRIST. III. ESCHATOLOGY: THE DOCTRINE OF THE LAST THINGS. IV. THE PERSON AND OFFICES OF THE HOLY GHOST. V. THE DOCTRINE OF THE HOLY SCRIPTURES.

The Church has called for this second edition of Volume I. within a little more than two months after the issue of the first. Appended are a few of the numerous

## PRESS NOTICES:

"I regard it as a most valuable contribution to our Methodist and general theological literature. It ought to occupy a prominent place, because of its broad scope, and of the rich material which abounds throughout the work."—*Bishop John P. Hurst.*

"One hardly knows what is the fascination. The style is limpid. This work never tires by long and involved periods. There is not an obscure sentence in the book. No Methodist writer, excepting Watson, Pope, Raymond, or any other Methodist author—has ever more clearly and forcibly set forth and unanswerably vindicated Wesleyan Methodist Arminianism than has Dr. Summers. The value of the new work to young men studying for the ministry can not be overstated. The sharp analysis and methodical arrangement of the matter, together with a copious index, are not among the least of the qualities that recommend the work. Professor Tigert has clearly demonstrated rare ability in editing this first volume. His notes, annotations, bracketed matter, and criticisms are scholarly, concise, pertinent, and judicious. They are side-lights of great value. As a textbook, on which a student is to stand an examination, it has qualities that must give it the precedence over Watson or Pope."—*Dr. John E. Edwards.*

"The arrangement is precisely that of the Methodist Church to which the author belonged. The treatment after the introductory chapters

on 'Theological Science' and 'The Creeds and Confessions of Christendom,' follows point by point the articles of the Methodist Episcopal Churches. As regards the treatment, much might be said in its praise. Dr. Summers was evidently a man of profound convictions, of wide reading, cautiously conservative, but ready to learn, able to defend his positions. His ultra-conservative views of textual criticism interfere with the accuracy of his citation of proof-text, but his editor has been very careful to annotate in the interest of a more correct attitude to the real word of God. Indeed, Professor Tigert has supplemented the volume so as to bring it 'down to date' in all the departments of Biblical learning upon which it seemed to require such enlargement. The doctrinal views are precisely what might be expected from the claims of the title. They are carefully and fully stated, objections are candidly weighed; but the author remains a Wesleyan Arminian. In discussing the Atonement he accepts three aspects of it: the propitiatory, the governmental, and the moral. The Eschatological positions are those professed by all evangelical Protestant Churches. Book V., treating of Bibliology, deals fairly with the questions involved—the canon, inspiration, etc. Dr. Summers is a safe guide in the matter of inspiration, though his exegesis of the inspired word may not in all cases be accepted. The volume is handsomely printed; the editor deserves great praise for the evident care and skill with which he has done his loving work."—*Sunday-school Times.*
